

Volume 68, Number 12, 2004

Proceedings of the Ninth All-Russian Seminar "Wave Phenomena in Inhomogeneous Media"

A.P. Sukhorukov Wave Processes in Inhomogeneous Nonlinear Media	1885
S.V. Sazonov Kramers–Kronig Soliton Relations	1887
N.L. Batanova, A.V. Golenishchev-Kutuzov, V.A. Golenishchev-Kutuzov, and R.I. Kalimullin Propagation of Acoustic Waves through Periodic Domain Systems and Photoinduced Gratings in Ferroelectrics	1895
A.N. Bugai and S.V. Sazonov Possibility of Controlling Dynamics of Picosecond Acoustic Pulses in Paramagnetic Crystal by Magnetic Field	1899
A.V. Gulakov and S.V. Sazonov Electromagnetically Induced Acoustic Transparency of Low-Temperature Paramagnetic Crystal	1905
S.V. Sazonov and V.A. Khalyapin Combined Method for Finding Approximate Soliton-Like Solutions to Equations of Nonlinear Optics	1911
B.I. Mantyszov, E.V. Petrov, E.B. Tereshin, and V.A. Trofimov Dynamics of Second Harmonic Generation in Thin One-Dimensional Structures with Photonic Bandgaps	1915
E.V. Petrov and B.I. Mantyszov Increase in Efficiency of Generation of THz Signals under Bragg Diffraction Conditions in Periodic Structures	1920
A.K. Sukhorukova and A.P. Sukhorukov Optical Switching of Beams During Parametric Frequency Up-Conversion	1927
S.B. Sharaev, A.P. Sukhorukov, and D.A. Chuprakov Formation and Evolution of Periodic Wave Structures in Planar Quadratically Nonlinear Waveguides	1932
S.N. Kurilkina and M.V. Shuba Features of Interaction of Light with Three-Layer Periodic Medium Containing Orderly Arranged Defect Layers	1937
V.A. Chernykh and A.P. Sukhorukov Effect of Viscosity Dispersion on Evolution of Two Broadband Parametrically Coupled Waves in Nonlinear Medium	1943
A.P. Sukhorukov, N.Yu. Vislobokov, O.M. Fedotova, O.Kh. Khasanov, and T.V. Smirnova Quasi-Soliton Propagation of Intense Optical Radiation in Transparent Insulators	1948
S.V. Ermakova, V.E. Lobanov, and A.P. Sukhorukov Amplitude Oscillations of Quasi-Stationary Waves in Medium with Periodic Modulation of Quadratic Nonlinearity	1953
V.E. Lobanov and A.P. Sukhorukov Analysis of Properties of Hybrid Solitons	1958
A.V. Marchenko Nonlinear Phenomena at Resonant Excitation of Flexural-Gravity Waves	1962

I.N. Ivanova, S.L. Martynov, O.N. Melnikova, T.A. Nivina, and K.V. Pokazeev	
Experimental Investigation of Wave Amplification by Wind	1971
O.N. Melnikova and A.V. Perminova	
Erosion of Channel Bottom by Nonlinear Waves on Water Flow Downstream of Weir	1979
V.O. Afenchenko, S.V. Kiyashko, and L.V. Piskunova	
Front Motion under Competition of Roll Domains of Parametrically Excited Capillary Waves	1987
S.V. Kiyashko and A.V. Nazarovsky	
Localized Structures under Parametric Excitation of Capillary Waves	1992
I.S. Rempen and A.E. Khramov	
Stabilization of Unstable Periodic States of Chaotic Dynamics in Pierce Diode	1998
A.A. Koronovsky, P.V. Popov, and A.E. Khramov	
Chaotic Synchronization of Unidirectionally Coupled Backward-Wave Tubes with Transverse Field	2004
V.V. Yangirova, A.A. Kalinovich, and A.P. Sukhorukov	
Generation of Screw Phase Dislocations Upon Superposition of Noncoaxial Nonplanar Gaussian Beams.....	2010
M.Yu. Kulikov and A.M. Feigin	
Reaction-Diffusion Waves in Mesospheric Photochemical System with Regard to Horizontal Turbulent Diffusion	2017
